Honorable Birch Bayh  
United States Senate  
Washington, D. C. 20510

Dear Birch:

Regarding our discussion when you were out here on the Soviet concern over the ChiComs, this is a question I've long pondered and when I was running our Soviet division I used to lecture on it at various war colleges, etc. I believe the Soviet concern has deep roots in Russian history. Enclosed is a copy of one of my lectures on the subject which tries to spell this out. Thought you might like to glance over it if and when you ever have a few idle minutes.

It was good to see you Monday. Let us know whenever you would like another get-together.
